Dear Stephen

Here some days are about 73° there warm up to 85° depending each day. Hope that N.Y. relaxed on the weather.

There's some info from the internet & Calif.:

- Work - google trailer home
- 30,000 small houses. instant build
- Mobile home dealers info used OR
- Google trailer Parks
- Google Factory homes
- Google home → search → Email or YouTube or  
Mobile trailer
- Some trailers are in Monroe, Duarke, El Monte  
or Artesia, Ca.

This Shanty home is fair (not fancy). But the electric and plumbing come & go. So I want to move the landscape in this area.

Here there are more jobs, ~~for~~ some making new jobs. You can do it, and there's different schools.

Call or write about the news.

From me,  
Mom
